MAY 2014

LOOKOUTS

As residents of the west we know that summer often includes forest and range fires. This year we honor the sentinels of the forests and rangelands, historic fire lookouts, and those personnel that spent summers sitting atop the mountains. The subject of the poster is Wylie's Peak Lookout that sat atop a rock outcrop with a panoramic view of the Selway-Bitterroot Wilderness.

Join us as we offer programs about fire lookouts in Idaho history, historic lookouts in the recreation rental program, successful restoration projects, and the Forest Fire Lookout Association that advocates preservation of these important historical sites. Events also cover other topics related to Idaho's history, archaeology, architectural history and historic preservation.

For more information contact the Idaho State Historical Society, 210 Main Street, Boise, Idaho 83702, 208-334-3847 or visit the web site: www.history.idaho.gov and the Facebook page: <https://www.facebook.com/idahostatehistoricalsociety>.

The Idaho State Historical Society is an extraordinary system of cultural and historic resources comprised of the Idaho State Historical Museum, State Archives, State Historic Preservation Office, and Historic Sites Program. We seek to inspire, enrich and engage all Idahoans by leading the state in preserving and sharing our dynamic cultural heritage.

Idaho Archaeology and Historic Preservation Month has been funded in part with federal funds from the US Department of the Interior's Bureau of Land Management, the Bureau of Reclamation, the National Park Service, the National Endowment for the Humanities, the Department of Agriculture's US Forest Service and the Department of Defense. However, the contents and opinions of presentations made during Idaho Archaeology and Historic Preservation Month do not necessarily reflect the views or policies of the Department of the Interior, the Department of Agriculture, or the Department of Defense.

Regulations of the US Department of the Interior strictly prohibit unlawful discrimination in programs on the basis of race, color, national origin, age, or handicap. Any person who believes he or she has been discriminated against by a recipient of federal assistance should write: Director, Equal Opportunity Program, US Department of the Interior, National Park Service, PO Box 37127, Washington DC 20013-7127.

Costs associated with this publication are available from the Idaho State Historical Society in accordance with Section 60-202, Idaho Code: HB366:2/2014/15,000/0349.
