Lasting Legacy

**IN 2021, THE IDAHO STATE HISTORICAL SOCIETY
CELEBRATES 140 YEARS OF SERVICE TO THE STATE.**

Historic properties are a lasting legacy of the Idahoans who built our state. The vision and perseverance of those who came before us are reflected in the tangible remnants of what they left behind. The ISHS stewards 61 buildings and maintains 600 acres of land throughout the state, ensuring that irreplaceable historic properties are preserved and maintained for future generations of Idahoans.
