In determining whether an applicant shall receive a grant, some of the criteria that the Idaho SHRAB will consider include:

- Will the project identify, preserve and/or make accessible significant Idaho historical records?
- Will the project increase the archival knowledge and/or skills of archivists and other historical record custodians?
- Does the applicant indicate how the project will be shared with the Idaho historic records community?
- Will the project institute and/or encourage sound archival practices?
- Are the proposed activities and expenditures appropriate and cost effective?
- Does the submitted proposal adhere to regrant project application requirements and does it contain sufficient information for the Idaho SHRAB decision-making?
- Has the applicant submitted accurate financial information and do the financial projections seem realistic enough to allow for successful completion of the project?
- Does the project support the mission, goals, and objectives of the Idaho SHRAB?
 - The mission of the Idaho SHRAB is to serve as an advocate for the creation, preservation, dissemination, and use of information that accurately chronicles the people and institutions of Idaho, both public and private.

HOW TO COMPLETE THE GRANT

Meet the Funding Match:

If you receive a grant award, you must match it with the same amount in the form of cash or in-kind. In-kind match is typically the market value of contributed labor, services, or supplies. The current value for Idaho, as set by the IndependentSector.org. is \$22.14 per hour.

If a professional volunteers their time doing the type of work they normally do for pay, that professional's hourly rate can be used. Example: an electrician volunteers to install lights in new exhibit cases, their professional per hour rate is appropriate. Alternatively, if the same electrician volunteers to do work that is not electrical, the \$22.14 per hour rate is appropriate.

Cash match is any funds outside of the grant award used for the project.

State Requirements:

All recipients must comply with the requirements of the Attorney General of the State of Idaho and fiscal processes of the Office of the Idaho State Auditor.

Audit:

Recipients of the Idaho SHRAB funds are subject to audit by the State of Idaho. All documentation must be kept on file for three (3) years following completion of the project. This includes all documentation on match funds and in-kind contributions.

Acknowledging SHRAB and NHPRC:

Any published materials, radio and TV announcements created by the awardee in conjunction with this grant award are required to include the following credit: **"Supported in part by an award from the Idaho State Historical Records Advisory Board, through funding from the National Historical Publications and Records Commission, and the National Archives and Records Administration."**

Idaho SHRAB strongly encourages use of the NHPRC logo. The logo is available on the NHPRC website: <http://www.archives.gov/nhprc/about/logo.html>.
