

## Idaho State Historic Preservation Office Certified Local Government Grant Program FY22 Call for Applications

1 October 2021

Dear Idaho Certified Local Governments,

The Idaho State Historic Preservation Office (SHPO) is pleased to announce that we are now accepting Certified Local Government (CLG) Grant applications for FY22! We expect federal funds available for FY22 will remain level, which means we expect a total of approximately \$85,000 to be available for CLG Grants. This represents 10% of the total funds available to Idaho for historic preservation from the National Park Service and the Department of the Interior.

Instructions for submitting an application are in the Idaho Certified Local Government Grant Manual, available on-line at the web site of the Idaho State Historical Society: <https://history.idaho.gov/clg/>. The CLG Grant manual contains examples of acceptable projects and the method of scoring applications for distribution of funds. SHPO staff are available to assist with any aspect of the application process.

As a reminder, the Idaho Certified Local Government Grants are reviewed on a competitive basis, so it is important that CLGs carefully plan out their proposed projects and submit a strong application. Please refer to the CLG Grant Manual for more details on how the CLG Grant applications will be scored by SHPO.

For FY22, the Idaho CLG Grant program will prioritize funding projects in the following areas:

- Surveys and National Register Nominations, especially those related to mining and mining history;
- Developing or updating a local historic preservation plan;
- Projects related to underrepresented communities; and
- Training for preservation commission members, city/county staff, and elected officials.

Communities may still submit project proposals in other areas; however, SHPO would strongly encourage CLGs to keep these four (4) priority areas in mind as they develop their proposals. It is recommended that CLGs also refer the Idaho State Historic Preservation Plan's Goals and Objectives (attached to this call) and any local Historic Preservation/Community Comprehensive Plans as projects are planned.

Communities thinking about submitting an application for an Archaeological Survey or a Development ("Bricks and Mortar") project should be aware that

the National Park Service requires such projects to complete a National Environmental Policy Act Statutory Compliance worksheet; this worksheet must be completed before the contract will be executed and project can begin. SHPO Staff will provide the necessary forms for completion, and are happy to help complete the review.

Additionally, CLGs who are awarded funds will be required to complete and submit two (2) interim progress reports. These are intended to help keep the CLG Grant funded projects on schedule and identify and address issues which might impact the completion of the project on time and on budget. The Idaho SHPO will provide the forms for these interim reports. National Register of Historic Places Nomination projects will be required to submit a complete draft of the Nomination by January 16, 2023.
