

## *Modern to Past*

### **Choosing Topics Related to Current Events**

**Objective:** We encourage students to choose topics that are 20+ years old. When students ask if they can do these current events, point them to a topic that is more historical but still satisfies their interests.

**Directions:** For each current event, chose each a person, an idea, and an event that is 20 or more years old that can be considered for the topic Taking a Stand in History.
